

CAPABILITY STATEMENT

COMPANY OVERVIEW

Founded in 1929, Maco Packaging has been a trusted leader in providing innovative and cost-effective flexible packaging solutions domestically and abroad for nearly a century. With a diverse clientele spanning industries such as food and beverage, military, medical, industrial, electronics, and photographic, Maco Packaging has established itself as a reliable partner for organizations seeking top-tier packaging solutions.

CORE COMPETENCIES

- **Customized Packaging Solutions:** We specialize in custom packaging for unique client needs, covering military to industrial applications, ensuring stringent requirements are met.
- **Quality Assurance:** Our operations focus on quality, with strict assurance processes to ensure all products meet top standards of excellence and reliability.
- **Innovative Technologies:** We use advanced technologies and best practices to innovate and provide cutting-edge solutions with our state-of-the-art equipment, staying ahead in delivering superior results.
- **Sustainability Initiatives:** We're committed to environmental responsibility, providing sustainable packaging to minimize waste and carbon footprint with eco-friendly materials and processes.

FEDERAL CAPABILITIES

- **GSA Schedule Contracting:** We're a proud GSA Schedule contractor, offering Federal agencies streamlined access, procurement, and competitive pricing to our wide range of products and services.
- **Compliance and Security:** Our team is well-versed in Federal regulations and standards, ensuring full compliance and confidentiality throughout the packaging process.
- **Dedicated Customer Support:** Our dedicated account managers provide personalized support and guidance ensuring a seamless experience from project inception to completion.
